

HAPPY BIRTHDAY

Dilip

Thank you for the words of affirmation, the advice I truly treasure, and the realizations that helped me see my worth, even from my immature days. Your understanding means so much to me, and I'm incredibly grateful to have you in my life as my friend. Today, as you celebrate your birthday, I want to show my appreciation.

As we got to know each other better, our friendship grew into something deeper and more meaningful than just an ordinary friendship.

You are amazing, funny, and understanding. I really admire these qualities in you, so please keep being yourself—you're doing great! 😊

If you ever feel down, sad, or unappreciated, please remember that I'm here for you.

On your birthday, I wish you all the success and happiness you deserve, and that you achieve everything you desire in your career.
